

Friday, September 4, 2020

Dear Family and Friends,

It is hard to believe we are in the month of September already! Where has our summer gone? Soon we will celebrate the crisp fall air and the colors of autumn. God's paint brush revealed.

We are happy to report no positive cases in the results of our most recent regulatory testing for COVID-19, which included all Residents, staff and all the Sisters. We additionally participated in a second round of testing this past Tuesday; the results of this phase of testing are pending. We look forward to another good report of no positive cases. We will notify you as necessary.

This week our Residents, social worker and activity staff participated in a very special program called "People Enjoying People" the "PEP Squad". This in short, is a way for social interaction with storytelling and sharing of favorite things — with the appropriate social distancing of course. Fun was had by all of our PEP squad as the Residents laughed and shared. We thank you once again for sharing these treasured Residents with each of us.

Pray always, especially for our continued good test results. Stay safe and God bless you.

Most sincerely in Christ,
Mother Jeanne Mary
Deborah Davidson, RN, NHA
